2026 EDITION

WHO WE ARE

About Adheesh Overseas

Adheesh Overseas is an India-based importer and exporter of premium, pure farm-sourced agricultural products, connecting Indian growers directly with buyers across India and international markets. We specialise in turmeric, spices, oil seeds, pulses and grains, working closely with farming communities in the Marathwada region of Maharashtra to bring consistent, export-grade quality to the global table.

Our model is built on direct sourcing — working closely with growers and local markets to ensure traceability, freshness, and fair value at every stage — combined with rigorous quality checks before any consignment leaves our facility. This lets us offer both premium export-grade lots and value-focused bulk grades, depending on what our buyers need.

Whether you are a domestic wholesale buyer or an international importer, Adheesh Overseas is positioned to supply reliably, at scale, with full documentation and export compliance.

WHY CHOOSE US

- Direct farm sourcing from the Marathwada region, Maharashtra — full traceability from field to shipment.
- Multiple curcumin & quality grades to match every buyer's price point and application.
- Export documentation, packaging, and compliance handled in-house.
- Established supply relationships in Gulf Countries, Morocco, and other export markets, alongside strong domestic distribution.
- Fully certified and compliant — GST registered, FSSAI licensed, IEC certified, and APEDA registered.

PRODUCT PROFILE

Turmeric Mukra Ghatta

High-Curcumin Grade

Curcumin Content	3% – 5%
Grade	High Curcumin
Type	Mukra Ghatta
Quality	High-curcumin turmeric
Application	Premium turmeric powder & extraction
Origin	Marathwada, Maharashtra, India
Variety	Salem

Product Description

A high-curcumin grade sourced for buyers who need strong colour and potency in their finished turmeric powder or extraction feedstock.

Primary Markets: Powder manufacturers & curcumin extraction units, domestic and export.

PRODUCT PROFILE

Turmeric Mukra Ghatta

High-Curcumin Grade — Bulk Lot

Curcumin Content	3% – 5%
Grade	High Curcumin
Type	Mukra Ghatta
Quality	High-curcumin turmeric
Application	Premium turmeric powder & extraction
